

## Don't be Surprised - Be Prepared!

Loss of Control is the leading cause of General Aviation (GA) accident fatalities. Loss of Control-Inflight fatalities occur three times more often than the second most common cause -

Controlled Flight into Terrain (CFIT). Join us and learn some best practices in avoiding these types of accidents.

**Directions:** Proceed to the Henry E. Rohlsen Airport located in St. Croix, USVI. This safety event will be held at the Ports Authority Security Conference Room located on the second floor of the main passenger terminal building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
